

Art

We are going to be working in the style of Sheila Hicks. She is known for her experimental weavings and textile art.

Whilst weaving, we are going to take our inspiration from the changes of the seasons.

Science

In science, we will be learning all about plants. We will be planning our own flowers and watching how they change. We will be able to name common flowers and learning all about evergreen and deciduous trees.

Geography

We are looking forward to learning about the hot and cold areas of the world and how they change in relation to the equator. We will compare Buxton to a small town in Italy.

Homework

Please continue reading or practicing your words at home at least 3 times a week.

Religious Education

We will have another RE day this term looking at the big question: How do we care for others in the world?

PSHE

We will continue thinking about relationships, friendships and respect. We will also revisit the NSPCC Pants rules.

As always, we will be thinking about our learning superpowers which are **problem solving and reflecting**.

PE

In PE, we will be perfecting our striking and fielding skills and doing lots of practicing for our upcoming sports day. We will also be doing a long walk towards the end of the term, keep your eye out for upcoming information.

Changes

Music

We are looking forward to revisiting all the songs we have learned this year on Charanga and having an end of year juke box singing assembly.

Literacy

This term we are going to be looking at the traditional tale 'The Three Little Pigs' and reflecting on the wonderful year we've had. We will also be talking about our upcoming changes and writing a letter to our new teachers.

Computing

We are going to be doing lots of computing this term. Firstly, we will be getting creative by composing our own piece of music. Then, we will be having a go at coding by completing programs on 2code on Purple Mash. We will also recap the importance of staying safe online.

Design and Technology

We will be having a DT day this term where we will be designing, making and evaluating a fruit face. We will change the shape of the fruit by peeling, grating and chopping.

Maths

What brilliant mathematicians the year ones are becoming! This term we will be learning about fractions, numbers to 100 and money.
