

RE

In RE this term we will be thinking about, 'How can we learn from sacred books?'. We will learn about the Christian story of 'The Good Samaritan' and the Islamic story of 'The Crying Camel'.

Music

In our music lessons we will be learning to keep a steady beat and will be learning to perform, 'I Wanna Play in a Band', by Joanna Mangona. We will also be listening to and appraising other classic rock songs.

PE

In PE we will be focussing on gymnastics. We will be using some of the apparatus and learning about getting on, travelling, and getting off the equipment safely.

Computing

We will be learning about programming. We will design algorithms and will learn about debugging when something goes wrong too!

Dear Parents and Carers,

Our new topic, which will run until February half term is, 'Sailing the Seas.' Here is an overview of what we will be learning about in each subject. If you have any questions, please speak to one of the team.

Many Thanks
The Year 2 Team

Sailing the Seas!

Reading

Please remember to read with your child at least three times a week and encourage your child to remember to change their book.

Literacy

In Literacy this term we will be focussing on fairytales and improving our story telling. We'll be working on improving our writing by using adjectives and interesting vocabulary.

Maths

In our maths this term we will be focussing recapping addition and subtraction, making amounts in different ways with money and giving change, and finally we will be learning about the 2,5,3 and 10 multiplication and division facts.

History

In our History this term we will be learning about the Titanic. We will learn lots of facts and information about what happened and we will be doing some news writing.

Geography

In Geography we will be learning all about the Isle of Coll. We will be looking at photographs, maps and looking at the human and physical geography of the island in comparison to Buxton.

Art

In our Art sessions we are going to be looking at the artist Picasso and we will be concentrating on ceramics. We will be looking at Picasso's fish and making our own clay tile using his work as inspiration.

Science

In science we will be learning all about materials. We will be sorting them into different categories and thinking about their uses. We will also be investigating the strength and stretchiness of materials through experiments.
